SECTION 2. FTP AUTHORIZATION. In accordance with Section 67-3519, Idaho Code, the Department of Finance is authorized no more than sixty-four (64) full-time equivalent positions at any point during the period July 1, 2014, through June 30, 2015, unless specifically authorized by the Governor. The Joint Finance-Appropriations Committee will be notified promptly of any increased positions so authorized.

SECTION 3. LEGISLATIVE INTENT. The Department of Finance is hereby granted continuous appropriation authority for reimbursement of persons to whom an Idaho court awards actual damages resulting from acts constituting violations of the Idaho Residential Mortgage Practices Act by a mortgage broker, mortgage lender or mortgage loan originator who was licensed or required to be licensed according to Section 26-31-109, Idaho Code.

SECTION 4. EMPLOYEE COMPENSATION. It is the intent of the Legislature, working cooperatively with the Governor's Office, the Division of Human Resources, and the Division of Financial Management, to progress toward the goal of funding a competitive salary and benefit package that will attract

qualified applicants, retain employees committed to public service excellence, motivate employees to maintain high standards of productivity, and reward employees for outstanding performance by:

- Adjusting the compensation schedule upwards by 1% to move the salary structure toward market; and
- 2) Continuing the job classifications that are currently on payline exception to address specific recruitment or retention issues; and

3) Funding an ongoing 1% salary increase for state employees, and funding the equivalent of a one-time 1% bonus for state employees, based upon employee merit, with flexibility in distribution as determined by the agency directors.

The Legislature also finds that investing in state employee compensation should remain a high priority even in tough economic times, and therefore strongly encourages agency directors, institution executives and the Division of Financial Management to approve the use of salary savings to provide either one-time or ongoing merit increases for deserving employees and also to target employees who are below policy compensation. Such salary savings could result from turnover and attrition, or be the result of innovation and reorganization efforts that create savings. Such savings should be reinvested in employees. Agencies are cautioned to use one-time funding for one-time payments and ongoing funding for permanent pay increases.
