Be It Enacted by the Legislature of the State of Idaho:

- SECTION 1. LEGISLATIVE INTENT. (1) The state of Idaho enacted the Right to Work law in order to guarantee its citizens maximum individual freedom of choice in the pursuit of employment and to be free from undue restraint and coercion with regard to employment; and
- (2) The Right to Work law further guarantees Idaho citizens' right to work shall not be infringed or restricted in any way based on membership in, affiliation with, or financial support of a labor organization; and
- (3) The Right to Work law declares it to be unlawful to deduct from the wages, earnings or compensation of an employee for dues, fees or assessments to a labor organization unless the employee has first signed a written authorization for such deductions; and
- (4) Labor organizations have developed what are identified as market recovery funds, job targeting funds and other such approaches, financed by assessments and sums withheld from employee paychecks, but that offer no guarantee they will ever directly benefit the employee; and
- (5) As a practical matter such approaches result in undermining a citizen's protections under the Right to Work law; and
- The development and use of such funds goes beyond labor organizations' primary objectives, and allows labor organizations to combine with non-labor groups to gain an unfair advantage and directly undermine free and open competition; and
- (7) It is the public policy of the state of Idaho that the development and use of any such funds are not in the interest of Idaho citizens, and that the development of and use of such funds shall be unlawful.
- SECTION 2. That Chapter 20, Title 44, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 44-2012, Idaho Code, and to read as follows:

assessments collected by or on behalf of any labor organization(s), whether or not labeled as dues or assessments.

- (3) No labor organization may directly or indirectly pay a wage subsidy or wage rebate to its members in order to directly or indirectly subsidize a contractor or subcontractor, the source of which are wages, dues or assessments collected by or on behalf of its members, whether or not labeled as dues or assessments.
- (4) It is illegal to use any fund financed by wages collected by or on behalf of any labor organization(s), whether or not labeled as dues or assessments, to subsidize a contractor or subcontractor doing business in the state of Idaho.
