In applying the kindergarten table to a kindergarten program of less days					

than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education and alternative school secondary support units shall be applicable only for programs approved by the state department of education following rules established by the state board of education. Moneys generated from computation of support units for alternative schools shall be utilized for alternative school programs. School district administrative and facility costs may be included as part of the alternative school expenditures.

- (5) State Distribution Factor per Support Unit. Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations specified in subsection (2) of this section, by the total state support units to secure the state distribution factor per support unit.
- (6) District Support Units. The number of support units for each school district in the state shall be determined as follows:
  - a) (i) Divide the actual average daily attendance, excluding students approved for inclusion in the exceptional child educational program, for the administrative schools and each of the separate schools and attendance units by the appropriate divisor from the tables of support units in this section, then add the quotients to obtain the district's support units allowance for regular students, kindergarten through grade 12 including alternative school secondary students. Calculations in application of this subsection shall be carried out to the nearest tenth hundredth.
    - (ii) Divide the combined totals of the average daily attendance of all preschool, kindergarten, elementary, secondary, juvenile detention center students and students with disabilities approved for inclusion in the exceptional child program of the district by the appropriate divisor from the table for computation of exceptional education support units to obtain the number of support units allowed for the district's approved exceptional child program. Calculations for this subsection shall be carried out to the nearest tenth hundredth when more than one (1) unit is allowed.
    - (iii) The total number of support units of the district shall be the sum of the total support units for regular students, subsection (6)(a)(i) of this section, and the support units allowance for the approved exceptional child program, subsection (6)(a)(ii) of this section.
  - (b) Total District Allowance Educational Program. Multiply the district's total number of support units, carried out to the nearest tenth hundredth, by the state distribution factor per support unit and to this product add the approved amount of programs of the district provided in subsection (2) of this section to secure the district's total allowance for the educational support program.
  - (c) District Share. The district's share of state apportionment is the amount of the total district allowance, subsection (6) (b) of this section.
  - (d) Adjustment of District Share. The contract salary of every noncertificated teacher shall be subtracted from the district's share as calculated from the provisions of subsection (6) (c) of this section.

(7) Property Tax Computation Ratio. In order to receive state funds pursuant to this section a charter district shall utilize a school maintenance and operation property tax computation ratio for the purpose of calculating its maintenance and operation levy, that is no greater than that which it utilized in tax year 1994, less four-tenths of one percent (.4%). As used herein, the term "property tax computation ratio" shall mean a ratio determined by dividing the district's certified property tax maintenance and operation budget by the actual or adjusted market value for assessment purposes as such values existed on December 31, 1993. Such maintenance and operation levy shall be based on the property tax computation ratio multiplied by the actual or adjusted market value for assessment purposes as such values existed on December 31 of the prior calendar year.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.
